

DORADO Burgundy Armchair

DESCRIPTION

The masterful craftsmanship and flawless tailoring of Radice's artisans are fully expressed in this sophisticated armchair designed by Giannella Ventura. Comfortable and elegant at the same time, its enveloping shape is supported by a metal base enriched with a gold finish that complements the velvet upholstery, here featured in a sophisticated burgundy color. The distinctive, bold character of this piece is captured in the curved cylinder forming the armrests/back highlighted by a golden ring.
